

Sebastian Moya

Product Owner · SAP PM & Scheduling Optimization

CONTACT

Email: sebastian.moya@gmail.com

LinkedIn: [linkedin.com/in/sebastian-moya-cr](https://www.linkedin.com/in/sebastian-moya-cr)

Phone: +54 9 297 4622147

Location: Comodoro Rivadavia, Argentina

Availability: Hybrid roles

SKILLS

SAP PM / MRS / FIORI / FSM

Agile

Power BI / Data Analytics

Optimization / Planning

SAP IS-Oil (Sahara)

SQL / Python

SUMMARY

Product Owner with extensive experience in Oil & Gas, evolving from systems to field operations and then to product. I combine real operational knowledge with the ability to build digital solutions (SAP, optimization, data-driven planning).

EDUCATION

Technical Degree in Computer Science – EPET N°4 (1992–1998)

Certification in ML & Analytics – ITBA (2024–2025)

Bachelor's Degree in Data Science – UES21 (In progress)

EXPERIENCE

Product Owner – SAP PM & Scheduling Optimization | Pan American Energy (2025–Present)

- Leading resource scheduling optimization initiative using VRP model (OR-Tools)
- Designing optimal allocation logic considering time, distance, and operational constraints

- Integrating with SAP (PM, MRS, FSM) to automate planning decisions
- Transitioning from manual planning to algorithm-driven optimization

Specialist Programmer | Pan American Energy (2023–2025)

- Developed 10+ Power BI dashboards for operational planning and monitoring
- Automated reporting and operational management dashboards

Area Supervisor – Slickline & Wireline | Pan American Energy (2019–2023)

- Supervised 4 simultaneous field teams
- Managed 24/7 operations and field resources

Senior Staff Technician – Waterflooding Engineering | Pan American Energy (2007–2018)

- Led 4 secondary recovery projects ($\sim 650 \text{ m}^3/\text{d}$ oil, $6,500 \text{ m}^3/\text{d}$ water injection)
- Delivered 100+ technical proposals ($\sim 80\%$ success rate)
- Contributed to +50% gas production increase over 3 years
- Implemented secondary recovery projects from scratch
- Trained under Juan Rosbaco and Tarek Ahmed

TECHNICAL TRAINING

Artificial Lift – Gabor Takacs (2014)

Waterflooding – Tarek Ahmed (2014)

ESP Design – Gabor Takacs (2011)

Reservoir Engineering – IAPG / Juan Rosbaco (2008–2013)

Creative Negotiation – Ingouville & Nelson (2013)

NLP I & II – Argentine School of NLP (2012–2013)
